

Epic Care Everywhere Patient Opt-Out

CoxHealth participates in a Health Information Exchange (HIE) through Epic Care Everywhere that allows health organizations who utilize Epic as their electronic health record system to exchange electronic health information. This information is shared through secure, electronic means and allows providers to have the most recent available information to care for you as a patient. You are automatically opted in as a patient, but may opt out if you do not want your health information to be shared with or received by your treating provider(s) through Epic Care Everywhere. If you opt out, you also have the right to opt back in at any time by completing this form.

Impact of opting out of sharing and/or receiving my health information through Epic Care Everywhere:

- I understand that any information that was previously shared through Epic Care Everywhere will remain available to providers who have access.
- I understand that opting out of Epic Care Everywhere may cause a delay with my health information being disclosed to providers, including emergency situations.

Request to Cancel (Rescind) Opt-Out of Sharing: I request to cancel my previous decision to opt out. By completing and signing this form, I am allowing my health information to be shared with my non-CoxHealth providers through Epic Care Everywhere.
